BILLING CODE 4910-13-M

DEPARTMENT OF THE INTERIOR

National Indian Gaming Commission

25 CFR Part 502

RIN 3141-AA10

Definitions: Electronic or Electromechanical Facsimile; Games Similar to Bingo; Electronic, Computer or Other Technologic Aid to Class II Games

AGENCY: National Indian Gaming Commission, Interior.

ACTION: Proposed Rule for Final Comment.

SUMMARY: The National Indian Gaming Commission (Commission) proposes to clarify the regulatory definitions of three key terms in the Indian Gaming Regulatory Act, "electronic and electromechanical facsimile", "games similar to bingo" and "electronic, computer or other technologic aid to Class II gaming". The Commission believes that these amendments may simplify the classification of games.

DATES: Comments may be submitted on or before April 22, 2002.

FOR FURTHER INFORMATION CONTACT: Penny Coleman, at 202/632-7003 or, by fax, at 202/632-7066 (these are not toll-free numbers).

SUPPLEMENTARY INFORMATION: The Indian Gaming Regulatory Act (IGRA) 25 U.S.C. 2701-2721, enacted on October 17, 1988, established the Commission. Under the Act, the Commission is charged with regulating gaming by Indian tribes. On April 9, 1992, the Commission issued a final rule defining several key terms that were not fully defined in the statute. In light of the experience that it has developed in the past ten years in working with these definitions, the Commission believes that it may be time to reevaluate some of these definitions. Accordingly, on June 22, 2001, the Commission published a Proposed Rule seeking public comment on the proposed removal of the existing definition of "electronic or electromechanical facsimile" from the Commission's regulations and using instead the plain language interpretation that seems to have been preferred by the courts.

The Commission received numerous comments to this proposed rule, a majority of which indicated support for the proposal. However, even many of the supportive comments expressed the view that removing the current definition was merely a first step in addressing the questions at issue. Several comments indicated that the Commission should remove the definition and replace it with another definition providing additional substantive guidance.

The Commission addresses these comments by proposing a new definition of "electronic or electromechanical facsimile." In light of the comments, the Commission also proposes changes to two related definitions for which it seeks additional comment.

Regulatory Flexibility Act

To the extent that tribal gaming operations may be considered small businesses and therefore small entities under the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, this rule will not have a significant economic effect on a substantial number of small entities. Indian Tribes are not considered to be small entities for the purposes of the Regulatory Flexibility Act.

Small Business Regulatory Enforcement Fairness Act

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business

Regulatory Enforcement Fairness Act. This rule does not have an annual effect on the economy of \$100 million or more. This rule will not cause a major increase in costs or prices for consumers, individual industries, Federal, state or local government agencies or geographic regions and does not have a significant adverse effect on competition, employment, investment, productivity, innovation, or the ability of U.S. based enterprises to compete with foreign-based enterprises.

Takings

In accordance with Executive Order 12630, the Commission has determined that this rule does not have significant takings implications. A takings implication assessment is not required.

Civil Justice Reform

In accordance with Executive Order 12988, the Office of General Counsel has determined that the rule does not unduly burden the judicial system and meets the requirements of sections 3(a) and 3(b)(2) of the Order. Instead, the rule is likely to decrease litigation with Indian tribes and reduce unnecessary friction between the Department of Justice and the Commission.

Paperwork Reduction Act

This regulation does not require an information collection under the Paperwork Reduction Act 44 U.S.C. 3501 *et seq.*

National Environmental Policy Act

The Commission has analyzed this rule in accordance with the criteria of the National Environmental Policy Act. This rule does not constitute a major Federal action significantly affecting the quality of the human environment. An environmental assessment is not required.
